

HOW TO JOIN:

Fill out the application and give the completed form to your server or manager.

This is not a credit card. It is used only as a method of tracking and accruing points.

HOW IT WORKS:

Present your Blazer Rewards Card when dining at The Red Blazer. You will receive points based on your spending and dining trends. Sorry, we cannot award points to your account in any other fashion.

Every time you dine with us, you will automatically receive points that are redeemable on your next visit towards food and beverage.

The best part of the Blazer Rewards program is that you can use your card on any purchase at any time. If your purchase has been discounted or is part of another program, you will still be given points on your net dollars spent. Simply stated, you can use your card with any of our great promotions! Only exception is Blazer Dollars cannot be combined with this offer.

HOW POINTS ARE EARNED:

Earn 3 points for every \$1.00 you spend.

Visit our website at www.theredblazer.com to view upcoming special events and ongoing bonus monthly promotions.

Earn triple reward points (9) for every dollar spent between 2pm - 5pm. You must start your dining experience after 2pm and finish before 5pm (no exceptions!).

Valuation of Points: 100 points = \$1.00. Points can never be redeemed for cash. Points can be used to purchase food and beverage.

HOW TO REDEEM POINTS:

Present your rewards card at time of payment. Your server will validate the sale. It's that easy! Points will continually accumulate until customer requests they be applied to a particular bill. Points earned will be available on your very next visit. These points can offset small amounts or be saved to pay an entire bill. You must have your card present to add reward points at the time of payment, no exceptions! If you do not have your card, points will not be available for that specific transaction.

Points are valid for one year and good towards your next visit.

AND FOR THE FINE PRINT:

Points cannot be combined with other card members. Points are intended for individual purposes only.

The Blazer Rewards Card is the property of The Red Blazer Restaurant and may be revoked at any time and for any reason as deemed by the company!

Additional rewards and member benefits are available to our e-mail club registered customers.
